Provisional term dates for the next academic year (2019/20) have been posted on the school website.

We now have well over 200 parents using the school website app, which is brilliant. As we develop the website, more and more features will become available. There are now electronic forms that you can use to request absence during term time, or to let us know why your child has been absent. They are in the 'Information for Parents' section of the website. Teachers will be updating their class pages every week, to help you keep in touch with what's happening, so do please keep checking your child's class page. If you would like a login to the Parents' Area features, and do not yet have one, please send your email address and child's name and class into the school office and we can arrange one for you. As a reminder, please make sure you stay logged into the app to receive alerts and notifications.

It's a uniform thing...

Our children look fantastic in their school uniform, and they are proud of being a member of the FPS family. Please help us to make sure that the standards of uniform we have in school are maintained throughout the winter. School shoes should be just that – school shoes, not trainers or fashion boots which are just not appropriate for school environment. It would also be very much appreciated if children had their correct PE kit in school – navy blue shorts and a plain white t-shirt. During the cold months if PE is outside, children are allowed to wear blue tracksuit bottoms and/or a blue sweatshirt as well but whilst indoors it is the standard blue shorts and white t-shirt. Thank you for your support with keeping our children looking smart.
