FLIXTON PRIMARY SCHOOL

Wednesday 18th March

Dear Parents,

I hope you are well, and that your families are OK in these rather unusual times. As stated in yesterday's letter, we have prepared login details for your child to enable them to access learning at home – they will be with this letter. In the event that we have to close, staff will be using the Pupil Area of the website to set learning tasks. Your child can access the Pupil Area through clicking on 'Pupil Login' in the top left of the school website Home page, and entering his/her username and password. Please take a moment this evening to test the login and password to ensure your child can access what they need to be able to access.

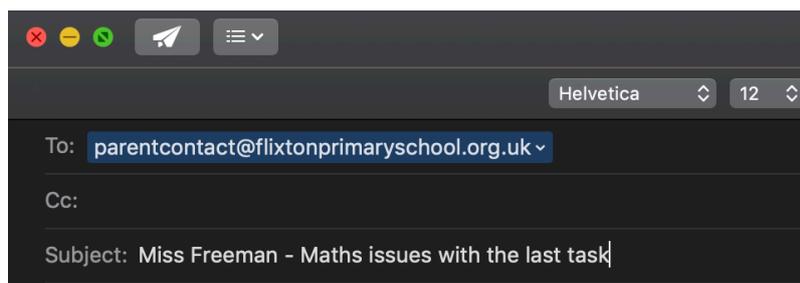

The **Learning at Home** tab on the school website will also be a useful resource to use, as we will provide links to useful websites to support children's learning.

If we close, we will provide regular, daily tasks for your children to complete on days when they would have ordinarily been in school. The class teachers will monitor and feedback on the tasks, and do their best to keep learning moving in the direction it would have taken had we been in school. Please bear with us in the early stages of using the systems, as obviously it is all new to us as well! When we need to use the system, I have asked all teachers to put tasks that need to be completed in **Homework** section of the Pupil Area.

We will keep you updated on news via the school website and app, but we have also set up an email address for you to be able to contact staff in the event of queries or concerns. Staff can be contacted at

parentcontact@flixtonprimaryschool.org.uk

They will be checking that email address on school days. It would be enormously helpful to us if you could start the subject of your email with the name of the teacher you are making contact with, for example:

We continue to do everything we can to remain open as long as we can, but we are also realistic about our chances! Thank you for your understanding, and stay safe.

J Redmond
Headteacher
